AUTOMATE.®

5V Li-ion Q6.0

Rechargeable. Battery-powered. Efficient installation.
This wire-free motor's built-in rechargeable lithium-ion battery is perfect for medium to large shade applications.

Bi-directional Communication

Automate Radio Communication utilizes two-way communication to provide up-to-date feedback on battery levels and shade positioning via the Automate Shades App.

Adjustable Speed Control

Three shade speed settings to suit your needs – faster for larger shades, slower for smaller. Features quiet operation when set to the lowest speed setting.

Simplified Setup

Whether using a remote control or app for shade setup, Automate programming instructions are streamlined to have your shades moving as quickly as possible.

Favorite Positioning

Add a programmable shade position in addition to the upper and lower limits that can be defined as your "favorite".

Precise Limit Adjustment

Incremental steps during limit setting allows for precise positioning of the shade.

Battery Check Action

When paired with a remote, motor will move shade to indicate battery percentage.

Micro USB Charging

Custom motor charger no required. Utilize any micro USB cable and charger to renew battery.

Quiet Operation

Superior acoustic performance makes this our quietest motor range yet.

5 YEAR WARRANTY
