Available Acmeda RTS Remotes

Automate Push Series

Available in White or Black, with 1, 5, 15 and Pro channel models to suit single-room, multi-blind and whole-home installations.

Wirefree Wall Mounted Controls

Contemporary wall-mounted controls in White. Available in 1, 2 & 15 channel models to suit a wide range of installations.

For multi blind installation, we recommend selecting a remote with one additional channel beyond the blind count. This spare channel can be programmed as an 'all blind' group, enabling all blinds in the room to operate together.
