Available Forest RTS Remotes

EasyTouch Wall Switch

A wireless wall switch in White or Black with 2 channels, convenient for day-to-day operation.

EasyTouch Remotes

Sleek, intuitively designed 6 channel remote control. Available in White or Black.

Diamond Sense Remotes

Available in White or Black, with 15 channel for large multi-track installations.

For multi-track installation, we recommend selecting a remote with one additional channel beyond the track count. This spare channel can be programmed as an 'all track' group, enabling all tracks in the room to operate together.
